

Zachary Graham

Latin School of Chicago - Chicago, IL

We were honored and delighted when we were advised of Siemens Corporation's sponsorship of our son's National Merit Scholarship Award. He will be attending Yale University in the fall, and we are most appreciative of Siemens's contribution to his education. He is very much looking forward to the next four years, and hopes to study economics and mathematics. With the rising cost of education, this scholarship will be most beneficial. We are thankful from the bottom of our hearts.

Keith and Beverly Graham
