

Neil Bhatt

### Bridgewater Raritan Regional High School – Bridgewater, NJ

“Siemens has had a multi-generational influence on Neil Bhatt. For 22 years, Siemens has given me the benefit of both a job (functional) and a career (lifestyle, perspective, progress). Now, Neil is a recipient of the National Merit Scholarship, which is sponsored by Siemens. The company that helped his father provide a comfortable life for his family starting two decades ago, is the same company that has generously made Neil’s attendance at the school of his choice – University of Michigan – School of Engineering (which is commensurate with his aptitude and potential), POSSIBLE. Siemens made many things happen, but to put it simply, Siemens made yesterday, today, and tomorrow a possibility. Both Neil and I owe our yesterdays, today’s and tomorrows, to Siemens.”
