**SIEMENS FOUNDATION ANNOUNCES WINNERS
OF THE 2011 SIEMENS MERIT SCHOLARSHIPS
\$6,000 College Scholarships Awarded to 60 Employees’ Children
Across Multiple Siemens Divisions**

ISELIN, NJ, May 26, 2011 — The Siemens Foundation is proud to announce the recipients of the 2011 Siemens Merit Scholarship. This year the Siemens Foundation recognized 60 children of Siemens U.S. employees and awarded close to \$400,000 in scholarship funds on behalf of participating Siemens divisions. Sixty exceptional high school seniors in 18 states —California, Delaware, Georgia, Illinois, Iowa, Louisiana, Massachusetts, Michigan, Minnesota, North Carolina, New Jersey, New York, Ohio, Pennsylvania, Tennessee, Texas, Washington and Wisconsin — will each receive a college scholarship totaling \$6,000, given in installments of \$1,500 per academic year.

“The Siemens Foundation is proud to administer the Siemens Merit Scholarship program on behalf of Siemens” said Jeniffer Harper Taylor, President of the Siemens Foundation. “We are honored to recognize children of Siemens employees nationwide who have accomplished this outstanding academic achievement,” she said.

The 2011 Siemens Merit Scholarship winners are:

Parent’s Name	Siemens Sector	Location	Scholar’s Name
Anis R. Ally	Industry	Grand Prairie, TX	Sarah R. Ally

YiPing Zhou	Industry	Arlington, TX	Christina J. Lu*

*National Merit Scholar (as defined by the National Merit Corporation)

High school students enter the Siemens Merit Scholarship program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT[®]) and by meeting published entry/participation requirements. Winners are chosen from a group of employees' children who qualify as Merit Program Semifinalists on the basis of their PSAT/NMSQT scores. Family financial circumstances are not taken into consideration in the selection of winners. All phases of the competition, including the selection of winners and payment of awards, are handled by the National Merit Scholarship Corporation (NMSC), an independent not-for-profit organization.

High school students who are children of regular, active, full-time employees of Siemens Corporation and its subsidiaries are eligible for the award. Applicants must meet all requirements for participation in the National Merit Scholarship Program as published in the PSAT/NMSQT Student Bulletin. An applicant must be a U.S. citizen, in the process of becoming a U.S. citizen, a permanent resident, or have applied for permanent residence.

About the Siemens Foundation

The Siemens Foundation provides more than \$7 million annually in support of educational initiatives in the areas of science, technology, engineering and mathematics (STEM) in the United States. Its signature programs include the Siemens Competition in Math, Science & Technology, Siemens Awards for Advanced Placement, and The Siemens We Can Change the World Challenge, which encourages K-12 students to develop innovative green solutions for environmental issues. In February 2010 the Siemens Foundation launched its newest initiative, The Siemens STEM Academy, a national STEM education program for teachers designed to support educators in their efforts to foster student achievement in these fields. By supporting outstanding students today, and recognizing the teachers and schools that inspire their excellence, the Foundation helps nurture tomorrow's scientists and engineers. The Foundation's mission is based on the culture of innovation, research and educational support that is the hallmark of Siemens' U.S. companies and its parent company, Siemens AG.
